4. Associated Data Files

Use "Widget sales - IF question.xlsx"

5. Problem Statement

- Create an If function to calculate a total order value based on the following criteria:

- If less than 1000 units are ordered each unit costs the normal price
- Otherwise each unit costs the discounted price

Ans

=IF(D5<1000,"normal price","discount price")

- Copy the formula down and check that it works.

Customer	Quantity	Order Total
Donald Duck	950	£ 950.00
Mickey Mouse	1090	£ 981.00
Bugs Bunny	500	£ 500.00

- Save the file with the same name and upload it as part of deliverable
